From the Garden of
A. SUMMERVILLE

7 Golf Lane

Succasunna, N. J.

Debits and Credits

The summer just past was the coldest and wettest in our memory, there being exactly two days all summer when the temperature reached the nineties. In spite of the adverse weather, however, we harvested an excellent crop.

Our 1960 introductions have been exceptionally well received. Hindustan and Bandwagon were both among the top five current introductions listed in the December, 1960 NAGC Symposium. Sidney Mode named both of these plus Concerto on his list of 10 best 1960 introductions in his recent article. No less than 4 of our miniatures were among the 10 leading 1960 introductions in the Symposium of small varieties. In all the miniature color classes there are only six headed by recent introductions; of these we were privileged to introduce four, Parfait, Camelot, Chocolate Chip, and Demi-Tasse. Parfait now rates #1 on the list of 10 favorites, the Camelot is well up on the list.

Our 1961 introductions have been chosen from a very superior lot of seedlings that we have been propagating and testing. Damascus, from the same cross that produced Hindustan and Comanche Chief, is surely destined to rate as one of the all time great show glads. We confidently expect Damascus to surpass our previous introductions, Lorelei, and Temptress, in the production of Grand Champion spikes. Doc Eppig's first origination to be introduced, Scarlet Lady, is sure to supplant Firecracker, one of our earlier introductions, as the leader in the scarlet class. Hi-Spot, a real color marvel, will be one of the most talked about novelties in anyone's garden. Happy Hours, our only medium size introduction, has been highly praised as a seedling; Sydney Mode wrote that he considered it the finest of the heavily ruffled 300's.

Our small introductions are as fine a group as any we have ever presented. There are six of them in all and each is outstanding in its own area.

In addition to the usual extras and overcount, we have several selected seedlings from which we will send one or more for trial.

As always where bulbs are priced per each, 10 bulbs may be purchased at 8 times this price.

If you will include, with your order, the estimated postage, we will send you bulbs of our 1961 introductions (our choice) worth 2 to 3 times the amount forwarded.

1961 Introduction

DAMASCUS (Larus) 596

80 Days

A glad we are certain will come to be recognized as one of the most outstanding new glads. The large, heavily ruffled florets are a rich mulberry tan with a prominent clean white throat, and have a beauty found in very few of the smokies or browns. A robust grower with spikes five feet tall and eight of 19-23 buds open on a 30"-34" flowerhead. As a seedling its many awards include the American Home Achievement medal, several seedling championships, grand champion 3-spike, and grand champion single spike. Damascus is one of the few smokies that can take both hot sun and refrigeration without damage. When grown by some of the good show growers it is certain to become a frequent Grand Champion. Any size - \$3.00 Large unless otherwise specified.

HI-SPOT (Larus) 441

88 Days

Hi-Spot combines very nicely the virtues of fine growth habits and strikingly beautiful florets. It will win its share of ribbons and will be of real value as a decorative glad for the home -- a most important consideration. The 5" ruffled florets are wide open and are a blush pink with a bright scarlet blotch. Its distinctiveness and beauty earned it an American Home achievement medal at the 1960 Connecticut show. Spikes are 5' tall with 6-7 open on a 28" flowerhead and 19-21 total buds. A consistent healthy grower that never fails to draw enthusiastic comment. Few glads are as eye-catching in a basket or vase. Any size - \$2.00 Large unless otherwise specified.

SCARLET LADY (Eppig) 536

70 Days

Here is that much needed giant scarlet. The color stands out in the patch like a lighthouse. It is a clean orange-scarlet which does not fade in the field or in the refrigerator. Opens 7-8 six inch, ruffled florets on a 30" flowerhead; 7 in color, with a total of 20 well separated buds. Field height 60". It is gunbarrel straight and will not crook in the hottest weather. It cannot

Scarlet Lady

be beaten in its class. Good attachment, vibrant color and ability to open from a tight bud should make it a good cut flower. It has been shown twice; in 1958 it was Best Seedling at Long Island with an A rating in stiff competition and in 1960 it was best giant seedling at Springfield, Mass. with an A rating and beaten for Best Seedling only by Eppig's #6174.

Any size - \$1.00

Bblts - 10/\$1.50

5L, 5M, 10S, 100 Bblts - \$15.00

HAPPY HOURS (Summerville) 340

78 Days

This delightful flower gives its solemn promise to add much joy and happiness to any garden blessed by her presence. What she lacks in size she more than offsets by her charm and beauty. Spikes reach a height of about 45" to 48" with an excellent balance of flowerhead and stem. Makes 21 buds easily with 6 or 7 4" florets open at once. Facing and spacing are excellent. Texture and ruffling are both heavy. Health is superior, and it is an adequate producer of very large bulblets that germinate easily and make good sizes. The color of Happy Hours is a very clean satiny pink with an exquisitely blended white throat. In both performance and beauty, Happy Hours is the best of the heavily ruffled 300's.

L - \$1.50

M - \$1.00

S - \$.50

SEÑORITA (Larus) 242

75 Days

Here is another of the new type of show miniatures that have been winning heavily in the past three years. The clean medium deep pink florets are lightly ruffled and have a large light yellow throat. They are perfectly placed and 3"-3½" in size, with 7 of 19-23 buds open on 50"-54" plants. Flowerheads are long and always straight. Señorita is a reliable producer of fine spikes; more beautiful than Parfait, but with one less open. An easy grower and strong propagator.

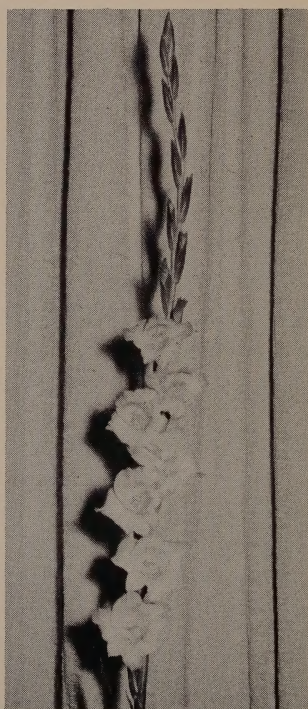

Any size - \$1.00

Bblts - 10/\$1.50

BON BON (Larus) 240

70 Days

This beautiful little miniature will win more than its share of ribbons and Rosettes, and it will be equally valuable as a decorative. As a seedling it won the special New Jersey seedling award and the unusual florets are round and quite

Senorita

small, about 3", and have a medium pink outside edge shading to blush pink and a white throat. Spikes are about 50" tall with 7-9 open in regular placement on heads of 22"-26" and with 20-22 buds. Stems are wiry and growth habits reliable. Any size - \$1.00 Bblts - 10/\$1.50

Bon Bon

SAMBA (Larus) 255 78 Days

Here is a worthy addition to a weak class. It should be of real value both as a show glad and as a decorative. The striking florets are medium rose with a large, irregular white throat which also appears as smaller white markings on the upper throat petals. There are 5-7 ruffled florets open on 23"-27" heads with 17-20 buds. Spikes are straight and 50" tall. A real eye-catcher.

Any size - \$1.00

Bblts - 10/\$1.50

SPRING MAID (Summerville) 214

58 Days

This is the earliest blooming variety we have ever grown. We planted our first White Friendship on April 16, Spring Maid was planted a month later on May 16 - both bloomed during the first few days in July. Earliness, however, is not its only attribute. Plants grow 50" to 55" tall with heads of 22"-27" and 7 to 9 of 18 to 23 buds open at once. The color is light yellow with no markings whatsoever. Florets are ruffled and of good texture. Will be an excellent show glad and a truly beautiful decorative. A healthy grower and a runaway propagator. Blooms well from small bulbs and even from bulblets.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.50

5L, 5M, 10S, 100 Bblts - \$15.00

QUO VADIS (Summerville) 201

75 Days

A very vigorous miniature from a cross of Ares by the Larus seedling that was miniature champ at the 1959 Eastern International. Grows 48" to 54" tall with a long head, up to 24 buds and 7 or 8 open. Color is white with a very distinctive, solid, round, rose red blotch. Florets are lightly ruffled, wide open, rather formally placed, and $3\frac{1}{2}$ " in diameter. Won the American Home Achievement medal at the 1960 Maryland show.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.50

5L, 5M, 10S, 100 Bblts - \$15.00

DARK VICTORY (Summerville) 258

85 Days

We believe this will prove to be the best show variety from this cross which also produced Wing Ding and Bingo. The individual florets are well tailored with no hooding and just the right amount of ruffling, they are 3" in diameter and quite round. Capable of opening as many as 10 right in the field on wiry heads of 25" with a total of 21-23 buds. Placement is considerably more formal than either of its sisters. The color is a very deep rose red with darker throat and a good sheen. Plants are vigorous and healthy and propagation is very good.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.50

5L, 5M, 10S, 100 Bblts - \$15.00

General List

A. B. COUTTS (Coutts '53) 520

85 Days

Giant exhibition buff. Can open 10 of 26 buds on a 36" head.

L - 10/\$2.00

ANGEL'S SERENADE (White '55) 410

80 Days

Extremely beautiful cream white; opening 6 or 7 heavily ruffled florets on spikes of moderate proportions. Recommended.

L - 10/\$2.00 M - 10/\$1.20

APPLAUSE (Butt '60) 411

85 Days

Deep cream or light yellow with a bright red feathered throat. Said to make 32" heads with up to 9 of 23 buds open at once. We bloomed Applause only from smaller stock but it did look promising.

Any size - \$.75 Bblts. - 10/\$.50

ARCTIC BEAUTY (Warr '59) 400

80 Days

An excellent pure white that appears to have considerable commercial value. An easy grower that consistently produces good cutting spikes. Bulblets are plentifully produced and germinate easily. Opens up to 7 of its 23 buds.

L - \$1.25 M - \$.75 S - \$.50 Bblts - 10/\$.75

ARES (K & M '54) 311

75 Days

Ruffled cream with a large scarlet blotch. Biggest blue ribbon winner of all glads. We are prepared to supply heavy jumbos - just ideal to produce those 25 bud, 8 open grand champ spikes.

L or J 10/\$2.50

AUTUMN SPLENDOR (Barrett '60) 597

80 Days

An unusual smokey - described as rose mahogany - with a bright red throat mark. Giant size florets are ruffled, needle point, and well attached. Heads are not long enough for exhibition, but a fine novelty.

L - \$1.00 M - \$.75 S - \$.50

AVENGER (Pehrson '55) 448

78 Days

Glistening velvet red with a tiny cream throat. A glad of excellent habits, and a very beautiful color. Try it and see if you don't agree with us that Avenger is a very much overlooked glad.

L - \$.50 M - \$.35 S - \$.25 Bblts - 15/\$.50

BAND WAGON (Summerville '60) 446

80 Days

An extremely vigorous glad that produces 66" plants with flowerheads up to 36" long and 10 of 26 buds open at once. The color is clean light red with a white throat and white midribs. In spite of very limited distribution, Band Wagon was Grand Champ, 2nd Day Champ, and best open spike in N. Y., West Virginia, and Maryland shows respectively. One of only 6 1960 introductions to receive mention in the latest NAGC Symposium. Commercial growers will be wise to take a good look at this one.

L - \$2.00 M - \$1.50
S - \$1.00 Bblts - 10/\$2.00

Band Wagon

BEAUTIBLEND (Fairchild '59) 354

85 Days

Tall growing medium size glad. Florets are round, heavily ruffled, and crinkled to the extent that it has been referred to as "Carnation type." Color is a blending of light pinks and medium roses. Easily makes 24 bud spikes with heads of 27" and 8 open. Healthy and a good propagator.

L - \$.50 M - \$.40 S - \$.25 Bblts - 10/\$.50

BEAUTY ROSE (Puerner '57) 454

88 Days

Smooth medium rose sport of King David. Habits are identical to its parent except that it has heavier texture. We get top performance from Beauty Rose and we assure you it is capable of winning top awards.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

BEULAH FORTNAM (Jack '60) 460 80 Days

A lavender sport of Violet Charm that promises to be fully the equal of that great variety. Color is lavender blue blending to a harmonizing cream throat. Makes show spikes identical to those of Violet Charm in every respect but color, and there it is a definite improvement. One of the top 1960 introductions.

L - \$3.00 M - \$2.25 S - \$1.50 Bblts - \$1.00 each

BLUE BUTTERFLY (White '57) 470 70 Days

Very light blue with a deeper throat mark. Grows well, is healthy and makes long heads.

M - \$.30 S - \$.20

BLUE PETER (White '56) 478 100 Days

Probably the best of the large dark blues. Grows tall and much straighter than Salmon's Sensation. Opens 8 on long 25 bud spikes. Color is deep violet without too much of the muddiness usually found in the blues. Even small bulbs produce excellent spikes.

L - \$.40 M - \$.30 S - \$.20 Bblts - 15/\$.50

BLUE SMOKE (Rich '57) 586 80 Days

Heavily ruffled mulberry blue with a throat blotch of smoky Salmon. Large bulbs produce 30" flowerheads with 21-23 buds. One of the few smokies that are truly beautiful as well as unusual. Won at least one Grand Champ in 1960.

L - \$.50 M - \$.35 S - \$.25 Bblts - 10/\$.50

BRIDE'S BLUSH (Tyndall '60) 360 75 Days

Blush lavender medium size glad. Not one that we consider exciting, but it really does perform well. Florets are ruffled and 7 will open on a 20 bud head.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.50

BROWN LULLABY (Pazderski '57) 496 88 Days

A beautiful and distinctive glad that causes a sensation wherever it is shown. Number 1 in its class in the 1960 Symposium. The color is light mahogany brown with a red feather in the throat and a silver edging around the petals. If the heads were a bit longer it would be about perfect. Opens up to 11 of its 19 buds at once.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 50/\$.50

BULL MARKET (Fairchild '59) 586 75 Days

Spikes from large bulbs stand consistently over 6' tall. The color is smokey rose. Produces 36" heads with 25 buds and up to 9 6 $\frac{1}{2}$ " to 7" florets open at once. A real giant and the exhibitors

dream. Should be of value to hybridizer's as it never produces side spikes.

L - \$1.25 M - \$.75 S - \$.50 Bblts - 10/\$1.00

CAMPFIRE GLOW (Jack '59) 583 88 Days

A giant salmon smokey with a striking scarlet blotch and 6" florets. Spikes are 5' tall with a 30" flowerhead and 8 open. A very attractive smokey and an excellent propagator.

L - \$1.00 M - \$1.00 S - \$.75 Bblts - 10/\$1.00

CARVED IVORY (Fischer '56) 310 80 Days

One of the most beautiful varieties on our list - and an excellent show glad as well. Opens 7 of 17 buds on well proportioned heads. The color is a warm cream and the ruffling is exquisite. Really grand!

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80 Bblts - 50/\$.50

CATTLEYA (Larus '59) 560 85 Days

Cattleya continues to reap wide acclaim from exhibitors. Places in the top four 1959 introductions in the latest NAGC Symposium. Opens 8 to 10 5½" florets in perfect formal placement on heads of 28" to 33" with up to 25 buds. Requires care to keep it healthy and, therefore, will never become an important commercial variety.

L - \$.75

CHANSONETTE (Roberts '59) 420 80 Days

Another in a long line of beauties from Winston Roberts. Ruffled peach buff with a yellow center. Florets are of heavy texture opens 7 of 20 buds on a well balanced head of moderate length.

M - \$3.00 S - \$2.00

CIMARRON (Larus '60) 354 92 Days

One of the best performers of the medium size glads. Large bulbs produce spikes 52"-57" tall with heads up to 28" and 8 formally placed florets open at once. Does not crook, misplace, nor fleck. Florets are just under 4½". Medium rose red shading lighter toward the center and with a small rose purple throat mark.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

CLARITY (Jack '59) 442 82 Days

Medium pink, slightly deeper toward the edges and a white throat. Opens 8 - 10 of 23 buds on a tall spike. Florets open wide and all the way to the tip after cutting. An excellent commercial prospect.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.50

CLASSIC (Roberts '60) 440

85 Days

Clear light pink shading to a cream white center. Opens 8 or more on spikes of average height. Ruffled.

M - \$2.50 S - \$2.00

CLIMAX (Baerman '61) 450

85 Days

We are listing this current years introduction on the basis of the owners statement that "this is tops!!" Introductory description reads "This ultra-regular rose pink with beautiful round florets shares a trait found in only the finest cut-flower varieties: bulbs of the same size all bloom simultaneously, making an impressive sight and facilitating quick cutting. Opens many of its 23 buds; 63" tall."

L - \$2.00 M - \$1.50 S - \$1.00 Bblts 10/\$2.00

Grower's unit 1L, 2M, 3S, 50 bblts - \$12.50

COMANCHE CHIEF (Larus '59) 497

80 Days

The first of three outstanding sister seedlings to reach the public. Very clean mulberry brown with a white diamond in the throat. Makes heads well in excess of 30" with 21 or more buds and up to 9 open. Highly ranked in the NAGC Symposium.

L - \$1.00 M - \$.75 S - \$.50 Bblts 10/\$1.00

CONCERTO (Larus '60) 454

85 Days

We are particularly fond of Concerto. It is a most striking combination of medium deep rose with a conspicuous very deep rose throat. Fully the equal of Salmon Queen in ability to produce Grand Champion caliber spikes. Opens 8 to 10 in perfect formal placement. Spikes stand 58" tall and the heads measure up to 32". Should be cut the first day it opens as hot sun will begin to fade it thereafter.

L - \$2.00 M - \$1.50 S - \$1.00 Bblts - 10/\$2.00

CONGO (Lins '56) 558

90 Days

Heavy textured black red considered by many to be the best in its class. Opens up to 8 with an equal number in color on a well proportioned 23 bud spike.

L - \$.40 M - \$.30 S - \$.20 Bblts - 15/\$.50

CORAL ROSE (Harris '57) 454

85 Days

Light rose with some deeper lines in the throat. A giant that is capable of going all the way to the Court of Honor. Opens 8 of its 22 buds on heads that go 30" or more. Heavily textured and ruffled. Just a bit coarse for our taste.

L - \$.50 M - \$.35 S - \$.25 Bblts - 10/\$.50

CORONATION (Murray '56) 440

88 Days

Coronation is in our opinion the most beautiful of the tivol shade of pinks. Opens 7 of its 21 buds on heads of 27". It requires a little special attention to get the best from this variety, but the results are well worth the trouble. Opens well when cut.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 50/\$.50

COUNTESS (Larus '57) 440

80 Days

Seems to be getting better with each season. Opens up to 9 of 23 to 25 buds on heads of 28" to 36". Light pink in color with some cream in the throat. Florets are ruffled and texture and attachment are good. An excellent commercial.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80 Bblts - 50/\$.50

CRONUS (Rupert '58) 326

90 Days

One of the top medium size glads and one of only 3 or 4 that is a consistent threat to the large glads at the shows. Produces long heads with 8 or 9 of its 21 or more buds open at once. The color is true orange with a light yellow or deep cream throat.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$.75

DARK BRILLIANCE (Puerner '56) 454

88 Days

Identical in every way but color to King David from which it sported. The color is velvety black red with 8 to 10 of its 23 buds open at once. Dark Brilliance will be a top contender for show honors. We personally prefer Dark Brilliance to its parent.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80 Bblts - 50/\$.50

DAYDREAM (Roberts '60) 540

85 Days

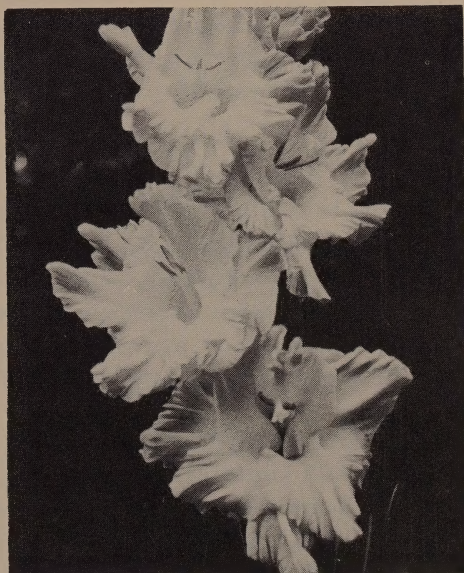

Roberts considers this one of his prettiest seedlings. Florets measure up to $6\frac{1}{2}$ ", are ruffled and of heavy texture. Coloring is a delicate shade of pink with cream and white toward the center.

M - \$3.50 S - \$3.00

DIMPLES (Rohrbach '58) 340

85 Days

One of the most heavily and exquisitely ruffled of all glads, and with a perfection of color to match. Beautiful pure pink with a white throat. Opens 7 of

Dimples

17-19 buds on heads of moderate length. A must have for the connoisseur.

L - \$.40 M - \$.30 S - \$.20 Bblts - 20/\$.50

DIRECTOR (Roberts '56) 464 95 Days

A ruffled deep Brownish rose that continues to perform well. Our large bulbs have produced as many as 28 buds with 11 open. Placement is formal - an ideal exhibition variety. Plant it early and it'll give the top varieties a run for their money at the shows.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

DIVIDEND (Fairchild '59) 415 85 Days

This beautiful Dieppe sport is ivory yellow with a flashy red throat. Spike formation and growth habits similar to those of its parent. Healthy, reliable, and a really exciting color combination. Makes a real show spike with up to 9 of its 23 buds wide open.

L - \$.40 M - \$.30 S - \$.20 Bblts - 15/\$.50

ENCHANTRESS (Roberts '60) 442 75 Days

Beautiful pink with small pure white throat. Opens 6 nicely ruffled well attached florets on flowerheads of excellent balance. One of the finest of a long line of outstanding originations from Winston Roberts.

M - \$2.00 S - \$1.50

FAIRY BEAUTY (Jack '58) 350 78 Days

A beautifully ruffled light rose, shading to light lavender on the edges of the petals, with a cream throat. Grows up to 63 inches with 22 buds of which 9-10 will open at once. A fine exhibition and cut flower variety. Rapid propagator with good bulblet growth.

L - \$.40 M - \$.30 S - \$.20

FIDELITY (Butt '60) 301 75 Days

Butt description - "A splendid addition to the butterfly class. Fidelity is a pure white with a distinctive yellow throat - a beautiful color. Ruffled and fluted florets add to its ethereal beauty. Plant habits excellent with straight spikes 40" to 42" tall, 16 to 18 buds and 6 or 7 open. Very refined and one you will find extremely useful for arrangements of all kinds."

Any size - \$.75 Bblts - 10/\$.50

FIRECRACKER (Klein '57) 536 80 Days

The #1 scarlet in the most recent NAGC Symposium ratings. One of the most strikingly brilliant glads of all. A real firecracker red with no traces of any other color. Opens 5 to 7 5½" florets on 28" 19 bud heads. Texture and ruffling very heavy.

L - 10/\$2.00 M - 10/\$1.50

FIREFLAME (Rich '58) 436

75 Days

A brilliant orange scarlet that is quite early. Opens 8 of its ruffled florets at once with most of the remaining 22 buds in color. Heads run 25" to 27" with attachment and facing good.

L - \$.40 M - \$.30 S - \$.20 Bblts - 15/\$.50

FLAMING JET (Jack '60) 449 85 Days

Per Jack, "a bright red with large cream blotch on lower petals and cream midribs. The large blotch and beautiful ruffling make it quite distinctive. Grows 60" tall and will open 10 with head length of 30"."

L - \$1.00 M - \$.75

S - \$.50 Bblts - 10/\$1.50

FLORADORA (Kydd '57) 410 85 Days

Tremendously vigorous white that produces a 30" spike with 24 buds and up to 8 lightly ruffled florets open at once. A well established show variety, Floradora is beginning to attract wide attention as a cut flower.

L - \$.40 M - \$.30

S - \$.20 Bblts - 15/\$.50

Flaming Jet

GARNET RUFFLES (Maynard '53) 352

85 Days

A very fine deep crimson with a velvety finish. Capable of opening nine on a long well proportioned head that will carry 21 or more buds. We recommend this one very highly.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80

GARY (Harris '57) 414

75 Days

Tall rugged grower from all sizes including bulblets. Grows to a height of 55" and opens 8 of 21 buds on heads of good length. Has good keeping qualities and looks fresh even after a day in the hot sun. Makes very clean healthy bulbs.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

GAY PAREE (Woods '57) 454

75 Days

Best of the Chamouny type glads by far. Bright rose, with a silver edging and fushia spears in the throat. Opens 8 in good placement on long heads with 23 buds. The 6" florets are ruffled and needlepoint. In our opinion this is Wood's best since Connie G.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

GAY SOUVENIR (Lacey '59) 444

88 Days

Clean deep pink with a large white throat. Opens up to 8 attractively ruffled florets on a tall spike. A good consistent producer of ideal cutting spikes. An extremely heavy bulblet producer.
L - \$.50 M - \$.35 S - \$.25 Bblts - 10/\$.50

GEM STATE (Roberts '57) 343

95 Days

Easy growing 300 size glad that has won Grand Championships at some of the finest shows. Plant it early if you'd have blooms before snowfall. Medium pink with a white lip. The white is generally clean but occasionally there is some color bleeding. Opens up to 12 or more of its 25 buds on very long straight heads.
L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.50

GLACIER (Arenius '59) 400

90 Days

Without question, the finest introduction of 1959. Field grown spikes will carry heads in excess of 30" with 8 or 9 of its 25 buds open. The most outstanding white we have ever cut. Very clean ruffled pure white, a rather poor producer of bulblets, but otherwise absolutely tops.
L - \$.50 M - \$.40 S - \$.30 Bblts - 10/\$.75

GOLDEN BOY (Secrest '54) 316

80 Days

The best in its class and one of the best in the medium division. Grand Champ in stiff competition at the 1958 So. Jersey show. Makes long perfectly proportioned spikes with up to 9 of 23-25 buds open at once. Color is bright clean yellow with no markings.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

GOLDEN GLO (Fischer '60) 416

95 Days

An extremely vigorous glad, making spikes 6' tall with heads in excess of 30" and long handles. Opens 7-8 deep yellow florets of heavy substance and beautiful ruffling.

L - \$.50 M - \$.40

GOLDEN HARVEST (Butt '56) 416

70 Days

Good deep yellow commercial type that blooms early. Opens 7 of 20 buds on a well proportioned head with a good cutting stem under it. Florets are lightly ruffled and well attached. Bulblet production is heavy.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

GOLDEN MIRACLE (Barrett '59) 416

90 Days

Considered by many to be the most outstanding medium yellow. Opens up to 8 beautifully ruffled florets on a 24 bud spike.

Heads are of good length and well blanced. The color is clean even to the depths of the throat.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.00

GOLDEN PALAMINO (Summerville '56) 421 80 Days

Our first origination to be introduced. Rates well with exhibitors and commercial growers alike. Can open 9 of 25 buds on heads of 28" to 30". Florets are quite round and lightly ruffled with raised midribs. Color is apricot buff with a small orange throat mark.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

GOOD MORNING (Lacey '54) 550 85 Days

An extremely vigorous glad. Makes long flowerheads with 8 of 19 buds open and 7 more in color. A more colorful Corona type with a soft rose throat. We have a good healthy stock of this outstanding cut flower variety.

L - 10/\$1.50 M - 10/\$1.00

GREEN ICE (Barker '57) 404 80 Days

Last year we wrote that Green Ice didn't appeal to our florist at all -- this past season we couldn't supply enough of it. An easy producer of grand champion caliber spikes. Makes heads of 30" with up to 10 of its 23-25 buds open at once. Foliage lacks chlorophyl.

L - \$.35 M - \$.25 S - 10/\$1.00

GREEN WOODPECKER (K & M '58) 305 70 Days

To us, Green Woodpecker is a glad with a personality, the most interesting of the large greens. The color is lime green with a wine red blotch on the lower two petals. Texture is heavy and the florests are lightly ruffled with somewhat raised midribs. Opens 7 of 21 buds on a head of 27".

L - \$.50 M - \$.35 S - \$.25 Bblts - 15/\$.50

GUNSMOKE (Fischer '57) 483 80 Days

A light brownish salmon that is quite free of the muddiness often found in smokies. Opens up to 8 on a 20 bud spike of better than average stretch. A good healthy grower.

L - 10/\$1.50 M - 10/\$1.20

HEART'S IN SNOW (Van Voorhis '56) 501 100 Days

One of the most eye-catching glads in our list. Snow white with a large bright red blotch. Open 6 5½" ruffled and heavy textured florets on a 27" head of about 21 buds. Plants grow tall and straight and are very vigorous and healthy.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.00

HILITE (Butt '60) 354

85 Days

We thought this one of the best new glads we saw last summer. Flowerhead formation is very similar to that of its parent, Spic and Span, but in 300 size. The color, however, is a very clean medium rose. Plants carry heads of 28" with a total height of 55". Makes 20-23 buds with 8 well placed blooms open at once. Cuts very well and will be a top show variety.

Any size - \$.75 Bblts - 10/\$.75

HINDUSTAN (Larus '60) 590 85 Days

One of the two highest rated 1960 introductions in the NAGC Symposium. A consistent producer of first class show spikes. The color is light copper tan with a white throat. Grows up to 60" tall with heads in excess of 30". Opens up to 9 5½" to 6" florets and carries up to 25 buds. One of the few tan smokies with really attractive color.

L - \$2.00 M - \$1.50

S - \$1.00 Bblts - 10/\$2.00

HIT PARADE (Lins '57) 364 70 Days

What a cut flower this would be if the florets were a bit larger! Where it can be cut on the break it is excellent but unfortunately loses too much size to be cut tight. Opens 8 nicely ruffled florets on a 28" head with plenty of buds. The color is a clean deep lavender with a lighter throat. Easy grower.

L - \$.30 M - \$.20 S - 10/\$1.00

Hindustan

INNOCENCE (Fischer '57) 460

70 Days

When grown fairly well, this is absolutely tops as a cut flower -- oh, it has its faults, slight weakness of stem and an occasional crook. Florists can't get enough Innocence and will pay a premium to get it. Makes tall plants with long cutting stem; opens 8 lightly ruffled 4½" florets. Color is a frosty light rose.

L - 10/\$1.50 M - 10/\$1.20

INSPIRATION (Roberts '60) 361

90 Days

Rosy lavender of extremely heavy ruffling. The lip petals are creamy white and this color often strays to the other petals. A faint lavender pencil line edges the lip petals and the entire floret is lavishly ruffled, fluted, and knuckled. Opens 8 on a medium tall spike.

L - \$5.00 M - \$4.00 S - \$3.00

IRISH ROSE (Butt '59) 434

85 Days

An unusual combination of orange salmon with a clean green throat. Makes massive exhibition type spikes with 32" heads and 9 huge florets open at once. We doubt its commercial importance as the cutting stem is not long enough, but its a real "sleeper" for the exhibitor.

L - \$1.00 M - \$.60 S - \$.40 Bblts - 10/\$.50

JACK OF SPADES (Sisson '59) 458

72 Days

This one got our vote as the finest of the blacks. Opens 8 of 26 buds on heads that are of championship caliber. The florets are heavily ruffled and well attached. The color is clean glistening black red. Makes beautiful bulbs and an abundance of bulblets that are easy to germinate. Very highly recommended.

L - \$1.50 M - \$1.00 S - \$.60 Bblts - 10/\$2.00

JAUNTY (Rich '55) 354

70 Days

Beautiful rose pink with a cream throat. An excellent easy growing early cut flower type. Grows tall and propagates rapidly. Very healthy and makes very clean bulbs. Fully the equal of Friendship as an early cut, but in a rose shade.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80 Bblts - 25/\$.50

KING MIDAS (Summerville '60) 416

85 Days

Introduced as a premium variety in 1960, King Midas has received a great deal of favorable comment. In our opinion the color of King Midas is equaled only by that of Reward. Makes excellent spikes from bulbs of all sizes. Opens 6 or 7 of 21 buds on a tall spike with a head of 27". Growth is vigorous and bulbs are the golf ball type with runaway propagation. The deep golden yellow florets are ruffled and of very heavy texture.

L - \$.50 M - \$.40 S - \$.30

LAVENDER BLUE (Henderson '53) 570

80 Days

This is a very light lavender blue sport of a tall strain of Elizabeth the Queen. Opens 7 to 9 5½" florets on a 27", 21 bud spike. A very consistent grower, and one that invariably sells out early.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

LIBERTY (Larus '53) 432

90 Days

Sensational exhibition variety that rates #1 on the list of several top showmen. Easily produces 30" heads with 7 or 8 of 21 buds opening in perfect placement. Bright self orange salmon with plain petals.

L - \$.35 M - \$.25 S - \$.15

LOHENGRIN (Klien '59) 460**87 Days**

Unquestionably the finest lavender commercial available today. Even fairly small bulbs produce husky 5' plants with long heads and good cutting stems. Large bulbs will give heads in excess of 30" with 8 of 25 buds open. A very consistent blue ribbon winner. The color is blue lavender with a white throat. Placement is excellent, although not formal. Florets are lightly ruffled and heavy textured. Prolific and a good germinator.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$.75

LORELEI (Howell '55) 510**80 Days**

Great for any purpose. Opens 7 to 9 of its 16 to 21 buds with most of the rest in color. Still the best in its class in our humble opinion. Clean ruffled, heavy textured cream of great beauty. Our large bulbs are of the ideal size for best exhibition results.

L - 10/\$1.50 M - 10/\$1.00

LOVE SONG (Fischer '60) 440**85 Days**

An exquisite rosy pink shade that sells 100% -- and cuts the same way! Opens 7-8 of 23 buds on a tall plant with a long cutting stem and plenty of head length. Bound to become a commercial standard. Vigorous, healthy, and consistent.

L - \$.50 M - \$.40

LUSTROUS (Roberts '58) 530**85 Days**

Soft salmon pink blending to a bright light yellow throat. Ruffled and frilled. Opens 8-09 giant heavy textured florets on a tall plant. An excellent cutter and very beautiful.

L - \$2.00 M - \$1.50 S - \$1.00 Bblts - 10/\$1.50

MARCELLA (Roberts '59) 411**85 Days**

Originators description: "Superbly beautiful clear cream with golden yellow center markings on all petals. The exquisite coloring, the glistening, waxy textured, heavily ruffled florets with 6 or 7 open on quite tall spikes, add up to a never to be forgotten picture of gladiolus loveliness."

L - \$3.00 M - \$2.50 S - \$2.00

MARJORIE NADEAN (Blanden '58) 542**80 Days**

Said to be the most outstanding variety ever to come from Austrailia. Described by the introducer as a giant Boise Belle, opening 8 to 10 ruffled florets on a straight tall spike with 20 to 24 buds nearly all showing color at once. Field height 54" to 60". Ideal formal placement and excellent attachment.

L - \$2.00 M - \$1.25 S - \$.75 Bblts - 10/\$2.00

MAYDAY (Roberts '56) 443

83 Days

Medium pink with a large clean white throat and lip petals that are edged pink. Heavily ruffled and of heavy texture. Sometimes has a loosely attached first floret. Opens 6 to 8 on plants and heads of medium length. A real beauty that should be in everyone's garden.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.50

NEW SNOW (Jack '58) 400

80 Days

One of the top 1958 introductions - similiar to Snowdrift but with better placement, wider open florets and lacking the pink blush that Snowdrift frequently has. Opens 8 to 10 of 24 buds on a 30" head. Florets are heavy textured and ruffled. The color is clean white with some cream in the throat.

L - \$.50 M - \$.35 S - \$.20 Bblts - 10/\$.50

ORCHID GEM (Lacey '59) 350

85 Days

Dandy medium size clear orchid pink that blends beautifully to a small cream throat. Opens 10 to 12 frilled and ruffled florets on a long graceful 26 bud head. No flecking at all during these past two cool wet seasons.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.50

OSCAR (K & M '58) 548

85 Days

Deep red with a peppering of cream in the throat. Very tall vigorous plants produce 30" flowerheads with 21-23 buds and 8 open at once. The 6" florets are plain petaled. Received a top rating from the Ohio test garden and Sydney Mode rated it the best dark red during the 1959 season.

L - \$.50 M - \$.40 S - \$.30 Bblts - 10/\$.50

PACEMAKER (Jack '58) 442

85 Days

A ruffled medium pink, shading lighter to the center with a cream lip. Makes tall spikes with 22 buds and 9 or 10 open. Has all the appearances of a topnotch cut flower.

L - \$.30 M - \$.20 S - 10/\$1.00 Bblts - 15-\$.50

PARTY RUFFLES (Rich '57) 410

85 Days

Very heavily ruffled cream that is usually blushed with pink. Has as heavy texture as any glad we know. Makes heads of moderate length with 8 of its 21 buds open at once. Very heavily ruffled. Extra fancy. Under ideal conditions it will produce the long head required for show purposes.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

PINK FAVORITE (Baerman '60) 440

85 Days

One of only six 1960 introductions to receive mention in the NAGC Symposium. Per the introducer, "Has the precise perpendicularity of a west point dress parade. The massive 10 open deep pink or light red spikes all bloom at once. Exceptionally reliable."

L - \$.50 M - \$.35 S - \$.25 Bblts - 10/\$.50

Growers unit 5L, 6M 10S, 100 Bblts - \$9.00

PINK PROSPECTOR (Baerman '60) 440

85 Days

Gorgeous flesh pink with the golden throat of Prospector shining through. Opens 8 frilled florets at once on a long head. Very vigorous and very certainly in a class with its famed parent. We plan to grow this in quantity.

L - \$.80 M - 4.50 S - \$.35 Bblts 15/\$1.00

Growers unit 2L, 5M, 10S, 100 Bblts - \$10.50

POLAR CAP (Kydd '59) 300

80 Days

Liked Polar Cap again this past summer. The beautifully ruffled 4" florets are pure white even to the stamens. Opens 8 in formal placement on 20 bud, 24" heads. Very prolific.

L - \$.60 M - \$.40 S - \$.25 Bblts - 15/\$.50

PROFILE (Flad '58) 451

85 Days

A glad of unusual beauty and color combination. This basic color is a frosty clean light rose and it has a large light yellow throat. Very prettily ruffled and of heavy texture. Opens 7 of its 21-23 buds on a 27" head. One you are bound to like.

L - \$.75 M - \$.50 S - \$.25 Bblts 20/\$.75

RAINIER (Baerman '60) 300

85 Days

Although we haven't grown Rainier ourselves we did have the pleasure of showing it at Long Island for Doctor Hamilton. These spikes had 27 buds and held 11 open in perfect condition. Now reclassified to 300 size it should become a top contender for sectional honors. The beautifully frilled florets are pure white except for a trace of cream in the throat.

L - \$1.00 M - \$.75 S - \$.50 Bblts 10/\$1.00

Growers unit 2L, 4M, 8S, 100 Bblts - \$13.00

REDCOAT (Jack '57) 446

85 Days

A real knockout red! A color that will beckon from way across your garden. Opens 8 large, brilliant red florets on heads of 30" to 33" and carries a total of 25 buds. Grows well from all sizes, but not too well from bulblets. Florets ruffled and wide open.

L - 10/\$2.00 M - 10/\$1.50 Bblts - 50/\$.50

RED EMPEROR (White '60) 546

85 Days

Light self red that opens 7-8 huge blooms on tall spikes with heads of 30" and 21 buds. Florets are lightly ruffled. Grows tall and is very vigorous. Bulblets rather hard to germinate.

L - \$2.00 M - \$1.25 S - \$.75 Bblts - 10/\$1.50

RHAPSODY (Roberts '58) 561

82 Days

Winston Roberts description, with which we concur, reads, "Lovely blue lavender with a generous splashing of creamy yellow on portions of all petals. A narrow lavender pencil line outlines the edges of the top and lip petals. Opens 7 or 8 large, frilled and fluted flowers on tall stems. Rhapsody is a very different and showy variety."

L - \$2.00 M - \$1.50 S - \$1.00 Bblts - 10/\$1.50

ROSA (Flad '57) 454

75 Days

Rosa is a sister seedling of the All-America variety Joyous. In the opinion of many, including yours truly, it is definitely superior to Joyous. The color is richer, florets are larger, and it is much healthier. Opens up to 9 of its 23-25 buds on heads of 30".

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

ROSE DENE (Warr '59) 454

65 Days

This one appears to have all the requirements to make it a leading commercial; Early, straight stems, long heads, easy growth habits, exceptional color, health, vigor, and runaway propagation. The 5" florets are medium rose with an absolutely clean white throat. Opens 7 of 21 buds on a head of 26" or more.

L - \$.75 M - \$.50 S - \$.25 Bblts - 15/\$.75

ROSE LACE (Jack '59) 354

70 Days

Medium rose with a cream picotee edge and a deep cream lip feathered deeper rose. Spikes grow 5½' tall with 31" heads and 10 open. Valuable as a cut flower because of its earliness. Heavily ruffled. Looked particularly good in 1960.

L - \$.60 M - \$.40 S - \$.30 Bblts - 10/\$1.00

ROSE SPIRE (Fischer '57) 454

75 Days

We have been sold on Rose Spire since we first bloomed it as a seedling. It is presently being grown in quantity for the Florida cut flower trade. Makes tall straight spikes with 8 open on heads of 30" and plenty of buds. Beautiful bright rose blending to an almost white throat.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

SABLE (Lins '55) 366

90 Days

A sculptured beauty in clean unmarked deep purple. Florets are ruffled, heavy textured, round, and wide open. Opens 8 or more of its 21 to 23 buds on heads of 28". One of the top medium size glads.

M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

SALMON CRINKLES**(Rohrbach '58) 330 75 Days**

Cut flower growers are skeptical, to say the least, when anyone tries to sell them a medium size glad. Invariably, however, they come back convinced when they finally try this one. Opens up to 7 heavily ruffled, crisp florets on a tall spike. Makes long cutting stems and 19 to 20 bud spikes of about 25". The color is a beautiful soft light salmon.

L - \$.40 M - \$.30

S - \$.20 Bblts - 25/\$.50

Salmon Crinkles

SALMON QUEEN (Schrenck '55) 534

80 Days

Truly one of the great all-time show glads. Opens up to 11 formally placed ruffled florets with most of the rest of its 21 or more buds in color. Flowerheads exceed 30" and are straight as an arrow. The consensus of reports from growers indicates that health has become a problem.

L - 10/\$2.00 M - 10/\$1.50

SNOKIST (Warr '60) 400

85 Days

Generally considered to be the originator's best release. Pure chalk white that is nicely ruffled. Opens 8 of 23 buds on a 28" head. A good show glad and an even better commercial prospect. Very prolific.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.50

SNOW GARLAND (Lacey '59) 400

85 Days

Very beautiful heavily textured new white that opens up to 12 of its 21 buds on heads measuring 24" to 27". An excellent cut flower that sells on sight. As Winston Roberts says, "about the ultimate in a ruffled white gladiolus."

L - \$1.50 M - \$1.00 S - \$.50 Bblts 15/\$1.50

SNOW VELVET (Fischer '56) 400

85 Days

A soft velvety white with no other color. Makes immaculate spikes with up to eleven of its 27 to 29 buds open at once. Occasionally a floret will misplace and bud separation is poor at the tips; these faults are not serious however, as born out by the fact that the NAGC Symposium rates it first in its class. A rather short cutting stem will handicap Snow Velvet in the commercial field.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 50/\$.50

SOUTHERN CROSS (Roberts '58) 445

85 Days

Deep watermelon pink with twin throat spots of red bordered by white and with white midribs. Opens 7 lightly ruffled florets on a heavy spike of good height. Somewhat reminiscent of Boldface, but with a different color combination. Striking.

L - \$1.25 M - \$.75 S - \$.50 Bblts - 10/\$1.00

SUGAR ELL (Vennard '59) 434

95 Days

A real giant of a glad; easily grows 500 size for us. Our entire row of planting stock grew 6' tall. Opens 5 to 7 on 32" heads with 21 buds. While not really an exhibition type glad, it will win its share of blue ribbons. Received more points in the recent NAGC Symposium commercial section than any other 1959 introduction.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.70 Bblts 40/\$.50

SWANSDOWN (Roberts '60) 400

75 Days

An early heavily ruffled white. Opens 8 5½" Florets on 22 bud heads of 27". The color is almost pure white and it is one of the most beautiful. A good propagator.

M - \$2.00 S - \$1.50

SYDNEY'S CHOICE (Tyndall '60) 466

80 Days

An outstanding purple from a cross of King David and Wonder Boy. Opens 10 in ideal exhibition placement on a long head of 23-25 buds. The color is deep purple with a white line on the lower petals. Florets measure just under 5" and are ruffled.

L - \$1.50 M - \$1.00 S - \$.60 Bblts - 10/\$1.00

SYMPHONY (Summerville '60) 471

70 Days

An exotically beautiful lavender blue with a startling deep rose blotch. Opens 10 of 25 buds in formal placement on heads of 28" The 5½" florets are lightly ruffled and wide open. Healthy and a good propagator. Very early and a fine cut flower type. Some tendency from the 7th or 8th floret to face slightly upward. This is Beverly's favorite.

L - \$2.00 M - \$1.50 S - \$1.00 Bblts - 10/\$2.00

TARGET (Larus '57) 441

82 Days

Certainly one of the top blotched varieties. The color is a light pink spectacularly blotched light red. Opens 7 on a long head 27" to 30" carrying 18 to 20 buds. Target is finding favor with the cut flower growers as it has displayed a remarkable ability to open well when cut tight.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80 Bblts - 25/\$.50

TEMPTRESS (Fairchild '57) 440

85 Days

The unquestioned leader in the light pink class and a top contender for grand champion. Color is very pale pink. A very vigorous variety that grows 60" tall with flowerheads of 30" or more and carrying as many as 26 buds of which 9 will open at once.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

TIARA (Butt '60) 340

75 Days

Blush pink blending into a creamy yellow throat. Opens 6 to 7 of 19 buds. A pretty decorative glad, although the stems are rather weak.

Any size - \$.75 Bblts - 10/\$.75

TIGERTONE (Fairchild '57) 326

70 Days

Tigertone is a medium sized glad of unbelievable beauty in a deep shade of orange red. Opens 7 or 8 well placed florets on a head of 25" with 17 to 20 buds. Perfection of form and clarity of color make this one tough to beat in its class. One of our favorites.

L - 10-\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

TOP HAT (Rich '58) 458

80 Days

A glistening black red with a 28" to 30" flowerhead. Opens 8 of its total of 23 buds. Plants grew close to 5' tall for us and produced no crooks. The 5½" florets are well attached and of good substance. We noted no burning or fading. Health and propagation have been good here. A highly recommended show glad.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.00

TOPPER (Graff '57) 560

80 Days

Has made outstanding spikes for us these past few seasons. Opens 7 6" florets in good placement on heads of 28" to 30" with up to 23 buds. The handle is too short for cut flower use but it is not too difficult to cut it with the 20" length required for exhibition purposes. Health and propagation are good.

L - \$.50 M - \$.40 S - \$.25 Bblts - 10/\$.50

TOPSY (Roberts '59) 365

80 Days

An unusual novelty in deep lavender. The lip petals are bright yellow with a small darker feather. Opens 5-6 on heads of less than average length. Striking and should be sought after for arrangements.

M - \$1.50 S - \$1.00

TRAVELER (Flad '52) 450

78 Days

We have taken special care to keep our Traveler stock in good shape -- no white break, no stunt. You can order these and be confident of top performance.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

VIOLET CHARM (Jack '53) 470

85 Days

An outstanding bluish lavender that makes a real ribbon of bloom. Opens 10 or more very formally placed florets on heads of 30". Florets are ruffled and the throats are cream with a violet spear. Best in its class and always a contender for top honors.

L - 10/\$2.00

WEDGEWOOD (Fischer '47) 360

75 Days

Stunt virus has caused most cataloguers to discontinue this variety. We have been most fortunate in locating a strain that has continued to produce the tall easy growing spikes that made Wedgewood famous. Our stock will produce 4½" plants with 25" heads on long cutting stems. Beautiful blue lavender with a yellow throat.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00 Bblts - 25/\$.50

WITCHING HOUR (Fairchild '54) 471

80 Days

An entrancingly beautiful variety. The color is a translucent light purple with a large clean white throat. Florets are ruffled and wide open. Flowerheads from large and medium bulbs run about 27" and it will open 7 of its 21 buds. Always straight and perfectly healthy.

L or M - \$.50 Bblts - 10/\$.50

WHITE FRIENDSHIP (Fischer '59) 400

65 Days

Identical to Bow Bells, Bellevue, and Confession. Pristine white with some cream toward the center and a green glow deep in the throat. Similar to Friendship in form, growth and health. Unquestionably the best commercial white in sight.

L-10/\$2.00; M-10/\$1.50; S-10/\$1.00; Bblts-20/\$.50; /00/\$2.00

WHITE SAILS (Arenius '54) 401

85 Days

Heavy textured and ruffled white with fuschia throat spears. Builds an impressive exhibition spike with up to 11 open in formal

placement on 20-24 bud heads of good length. Always a contender for Grand Champ.

L - 10/\$2.00 M - 10/\$1.50 S - 10/\$1.00

WILDWOOD (Summerville '60) 460

88 Days

The original seedling spike of this variety was a grand champion. An extremely vigorous variety that makes spikes 66" tall with heads of 32". Opens 8 large florets with a total bud count of up to 25. The pure lilac lavender color of this statuesque beauty defies description. Nicely frilled and of heavy texture.

L - \$2.00 M - \$1.50 S - \$1.00 Bblts - 10/\$2.00

WINNEBAGO CHIEF (Himmler '59) 548

75 Days

By far the best of the large deep reds. A tall easy grower that makes a 30" head with 23-25 buds and 8 giant florets wide open. Should become a top winner at the shows. Color is a clean deep red with a small deeper mark in the throat.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.00

YELLOW SPIRE (Arenius '58) 414

85 Days

A clear medium yellow sport of Patrol with identical habits, even to the chlorophyll deficiency of the lower leaves. Can open 9 to 11 5 1/4" florets on a head of 30" with 21 to 23 buds. An exhibition variety of the highest order.

L - \$.75 M - \$.50 S - \$.25 Bblts 10/\$.75

Miniature Glads

ANGELICA (Vawter '60) 100

77 Days

Highest rated seedling tested in the 1959 Rhode Island trials. Opens 5 of 14 buds on a head of about 12"-14". The tiny florets are barely 2". Placement is excellent and the color is white with just a trace of cream. The only variety in its class that is not a face up. Any size - \$1.00

BABY BLUE EYES (Fischer '59) 201

85 Days

A lovely little white with a light blue mark in the throat. A very vigorous glad that makes strong plants and healthy bulbs. Spikes are of the ideal miniature type, carry up to 18 buds, and open 8.

L - \$.50 M - \$.40

BAMBI (Pierce '54) 204

80 Days

The most unusual of the standard type glads. Deep chartruese green with a lighter throat and a dotted brownish orange blotch and an edging of the same color around each petal. Fine for both exhibition and decorative work.

L - \$.50 M - \$.35

BARBARA KILBORNE (Fairchild '60) 280

80 Days

Small smoky tan with a yellow throat. Easily grown to winning proportions, and especially useful as an arrangement glad.

L - \$.60 M - \$.40 S - \$.20

BINGO (Summerville '59) 246

85 Days

One of the top rated recent introductions as reported by the NAGC Symposium committee. The color is medium rose red with a hairline edge around each petal. Combines miniature beauty and usefulness with an ability to win on the show table. Opens 8 3" nicely ruffled florets on an ideal miniature type spike. Seems to have met with universal approval.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

BREAD AND BUTTER (Kroon '60) 2/0

75 Days

Exquisitely beautiful little ruffled white with a butter yellow throat. Texture and ruffling are heavy. Spikes are slender and carry 6 of 16 buds open. A perfect household or arrangement glad.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

CAMELOT (Larus '59) 244

70 Days

Rated #1 in its class and one of the 10 favorites in the miniature Symposium. We consider Camelot to have at least as good and possibly a greater show potential than its already famous half sister, Parfait. Opens 7 to 11 of its 19-23 buds on ideal miniature type spikes. Heads run 22" to 25" with good straight stems. Color value is excellent.

L - \$.50 M - \$.40 S - \$.25 Bblts - 10/\$.50

CANAHRI (Hartman '56) 214

78 Days

Nicely ruffled light yellow capable of opening up to 11 formally placed 3" florets on a head of good length with as many as 23 buds. Has won many top awards.

L - \$.40 M - \$.30 S - \$.20 Bblts - 15/\$.50

CHOCOLATE CHIP (Fairchild '58) 290

75 Days

Leads its class in the latest NAGC Symposium rating. A dark brown glad in the style of Atom even to the hairline edge. Opens 6 or 7 in typical miniature placement on a slender stem with a

head of 19". An unusual color that will be of great value to arrangers.

L - \$.50 M - \$.40 S - \$.25 Bblts - 10/\$.50

CLASSY CHASSIS (Pierce '59) 214

83 Days

Light creamy yellow that makes a very classy spike indeed! One of the few readily acceptable cut flower miniatures. A good performer and quite prolific.

L - \$.50 M - \$.35 S - \$.25 Bblts - 50/\$1.00

CORVETTE (Butt '57) 246

70 Days

Reclassified from scarlet to light red but still a big winner. Makes long miniature type spikes with as many as 10 formally placed 3" florets open at once. Ruffled light red with a darker throat. Really fine and one you should have.

L - 10/\$1.50 M - 10/\$1.00 S - 10/\$.70

DEMI-TASSE (Larus '58) 286

65 Days

We introduced this primarily as a decorative -- it has, however, been a consistent ribbon winner and was rated #1 in its class in the latest Symposium. The highly ruffled 3 1-4" florets are dusty rose brown with a cream throat. Opens 5-7 of 16-19 buds with heads of 20"-23".

L or M - 10/\$2.00

DOLLY DIMPLES (Tyndall '60) 147

75 Days

A most unusual and striking little flower. Florets are composed of 3 regular shaped petals and 3 shorter ones. Color is light red with cream midribs. Vigorous and healthy.

L - \$1.50 M - \$1.00 S - \$.60 Bblts - 10/\$1.00

DOMINO (Larus '59) 211

65 Days

Rated very high in the Symposium and already 6th biggest ribbon winner among all the miniatures. Miniature Champ at least 6 times in 1960. Opens 7-9 of 19-23 buds on heads of 21"-25". Cream white with a small dotted lavender blotch on a cream throat. Florets are ruffled, round, and wide open.

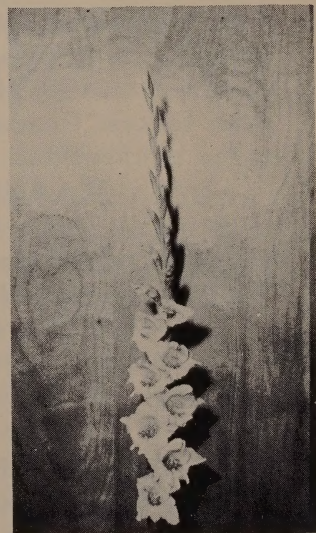

1 - \$.50 M - \$.40 S - \$.25 Bblts - 10/\$.50

DUSKY LAD (Roberts '58) 291

70 Days

An unusual shade of mahogany and mulberry overlaid with smoky lavender with a large yellow throat that is brushed with scarlet. Opens 6 or 7 on a thin stem that will sometimes crook.

L - \$.50 M - \$.35 S - \$.20 Bblts - 10/\$.50

Domino

ELITE (Tyndall '59) 201

75 Days

One of the best new miniatures of 1959 or any other year. Opens up to 10 formally placed florets on a 20 bud flowerhead. A miniature reproduction of Crusader. Florets are beautifully ruffled white with a light purple blotch.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

FINESSE (Pierce '60) 215

60 Days

We grew only 2 large bulbs of this last summer, but each produced an outstanding spike. The only flaw we have found is poor bulblet production. Color is light yellow with an Ares type light red blotch. Opens 7 of about 21 buds. Florets are lightly ruffled and placement is zig zag to vertical.

L - \$2.00

FLIRT (Howell -55) 210

65 Days

Lorelei in miniature! Opens 5 to 7 beautifully ruffled cream florets on a 15 bud spike of good overall proportions.

Any size - \$.35 Bblts - 15/\$.50

FLUTTERBY (Larus '60) 241

80 Days

Similar to Parfait in many respects -- particularly in the neatly ruffled butterfly type florets and growth habits. Buds are light salmon buff opening to light pink with a medium rose red blotch. Spikes 50" to 60" tall carry heads of 23"-27" with 7 3½" florets open.

L - \$.75 M - \$.50 S - \$.25 Bblts 10/\$.75

FRANCINE (Fairchild '60) 250

75 Days

In color almost an exact miniature of the beautiful Francesca, but with a bit more rose in its make up. Opens 6 ruffled florets with a total of 19 buds.

L - \$.60 M - \$.40 S - \$.20

FRILLS (Larus '59) 214

65 Days

Beautifully ruffled light yellow with deep yellow throat petals. Opens 7 heavily ruffled florets on a head of 18" to 23" and 21 buds. A good show glad and valuable as a first early cut flower. Takes a large bulb for top performance.

L - \$.50 M - \$.40 S - \$.25 Bblts - 10/\$.50

GOLDETTE (Butte '54) 214

80 Days

Color is greenish yellow and the 3" florets are heavily ruffled and wide open. Heads run about 23" with 20 buds and up to 9 open in double row placement.

L - 10/\$1.50 M - 10/\$1.00 Bblts - 50/\$.50

GREEN THUMB (Butt '56) 214

60 Days

Very nice small greenish yellow with no markings. Florets are ruffled and of heavy substance. Opens up to 8 of its 17 or more buds. Very good grower.

L or M - 10/\$2.00 S - 10/\$1.00 Bblts - 25/\$.50

LEILANI (Kroon '60) 242

70 Days

One of the most beautiful of the small glads. A lovely shade of cool rose with a white throat. Rather inconsistent in its habits and not a good bulb maker, but all spikes are attractive and the good ones are terrific.

L - \$.35 M - \$.25

LIFE (Butt '56) 236

70 Days

New clear light red with a clean yellow throat -- a miniature ruffled Beacon. Misplaces some, but generally makes a nice 18 bud spike with 5 to 7 open. Very striking.

L - \$.30 M - \$.20 S - 10/\$1.00

MASCOT (Butt '60) 234

75 Days

Butt's description, "very attractive ruffled, miniature salmon red with greenish yellow throat. Fine plant habits. 36" spikes, 16 buds 7 open in perfect placement. Very heavy substance. Reliable grower with all spikes identical. Award of merit of the British Glad. Society."

Any size - \$.75 Bblts - 10/\$.75

MISS KITTY (Fairchild '60) 290

75 Days

Copper toned miniature unlike any other we've seen. Florets are well open and look you right in the eye. Just enough ruffling to add an air of daintiness. Opens 6 of 17 buds on heads of 18".

L - \$.60 M - \$.40 S - \$.20 Bblts - 10/\$.75

NYMPH (Butt '59) 220

75 Days

Another outstanding Butt miniature. Beautifully tapered little spikes carry 7 heavy textured and ruffled florets in ideal miniature placement with a total of 17 buds. The color is buff pink with a clean buff yellow throat.

L - \$.40 M - \$.30 S - \$.20 Bblts - 20/\$.50

PANDA (Larus '60) 201

80 Days

Lightly ruffled creamy white $3\frac{1}{2}$ " florets have a small rose blotch on a light yellow throat. Spikes are uniformly tall, 50"-58" with a 24"-27" head and 19-22 buds of which 7 or more will open at once. A strong contender for miniature champ.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

PARFAIT (Larus '58) 231

78 Days

One of the greatest show glads of all time regardless of size. Won at least 4 grand champs in 1960, as well as numerous miniature champs. The color is medium salmon with a small pale red blotch on a cream throat. Opens 6 to 10 in perfect placement on heads of 22-26" and 18-23 buds. #1 on the latest symposium "favorite 10" list.

L - \$.40 M - \$.30

S - \$.20 Bblts - 14/\$.50

PINT SIZE (Evans '54) 160

70 Days

The leading variety in its class and division. Opens 8 formally placed 2" florets on a well balanced little spike. Color is a bit muddy, but, nevertheless, a must for the exhibitor of small glads.

L or M - 10/\$1.50

POLAR CUB (Evans '53) 200

85 Days

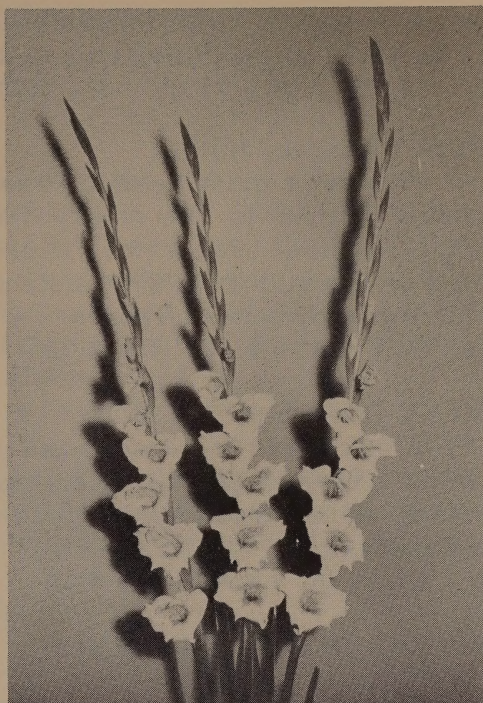

An extremely vigorous grower. Makes wiry stems with heads of 22" to 30". Spikes from large bulbs will average about 23 buds with 10 open and 8 in color. Placement is quite formal normally, but there is apt to be space between the first two or three florets if it is overwatered.

L - 10/\$2.00

RED RIBBON (Tyndall '60) 246

80 Days

Rated very highly in the symposium report. Lightly

Panda

Parfait

ruffled rosy red with a silver edging on the petals. Opens up to 10 on a 22 bud exhibition type spike.

L - \$1.50 M - \$1.00 S - \$.60 Bblts - 10/\$1.00

SAUCY (Larus '60) 226

80 Days

Winner of many seedling awards and already the leading blue ribbon winner in its class. The striking 3 3/8" florets are a bright salmon orange with a cream lip. Opens 6-7 of its 17-21 buds on heads of 21"-26". Outstanding color will make Saucy valuable for decorative purposes.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

SILKY (Fairchild '60) 220

80 Days

A soft blend of salmons and yellows giving the all over effect of buff. Florets generally face up but not consistently. When they do the veined blotch goes all around the throat. Very useful as a decorative.

L - \$.60 M - \$.40 S - \$.20

STARFACE (Vennard '60) 215

80 Days

Thin wiry stems hold 6 or 7 of 15-18 buds open at once on heads of 22"-24". Classified yellow but looks salmon to us. Salmon with a yellow throat from which red spears radiate. Very small and quite interesting.

L - \$.50 M - \$.25 S - \$.15 Bblts - 15/\$.50

STARFLOWER (Butt '60) 214

75 Days

Florets of this tiny yellow are barely 2 1/2". Semi-upright facing and should therefore be extremely useful for arrangements. Clean ruffled light yellow. Makes 19 buds with 6-7 open.

Any size - \$.75 Bblts - 10/\$.50

SUZETTE (Larus '59) 243

80 Days

Approved for introduction by the 1958 trial garden committee. Medium pink shading to a cream throat on which there is a pointed light red blotch. Florets ruffled and triangular in form. 4' to 5' spikes carry heads of 23"-26" with 17-19 buds and 6 to 9 open.

L - \$1.00 M - \$.75 S - \$.50 Bblts - 10/\$1.00

SWANKY (Pierce '60) 231

85 Days

Salmon pink with a big solid red blotch bordered yellow. Makes a good show spike of 19-21 buds with 7 open. A vigorous grower and a runaway propagator.

L - \$.35 M - \$.25 S - \$.15 Bblts - 25/\$.50

TINSEL (Butt '60) 237

75 Days

Blazing scarlet with an intense yellow throat. An eye-catcher

of the first order! Makes 16 or more buds with 7-8 open. Ruffled and of heavy texture.

Any size - \$.75 Bblts - 10/\$.50

TOWHEAD (Larus '60) 214

85 Days

Glenn Pierce wrote that, excluding his own introductions, he considered Towhead and Red Ribbon the best miniature introductions of 1960. The lightly ruffled $3\frac{1}{2}$ " florets are creamy yellow, slightly deeper in the throat. A very easy grower making 50"-55" spikes with a 25" head, 21-23 buds, and 6-8 perfectly placed florets open at once. Winner of at least 3 miniature champs in 1960.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

TOYTOWN (Butt '54) 226

60 Days

Similar in color to Twinkles, but with an unmarked deep yellow throat and no tendency to face up. Basic color is orange scarlet with a yellow throat providing a beautiful contrast. Heavily ruffled.

L or M - 10/\$1.50 S - 10/\$1.00

UPPER CRUST (Pierce '59) 256

88 Days

An unusually clean shade of deep rich rose -- no markings. Opens 7 of 19 buds in good miniature type placement. This is an example of the fine color value we'd like to see more often.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

WIDGET (Larus '60) 205

75 Days

Rated the #2 1960 introduction by the miniature symposium. Main color is chartreuse but the ruffled $3\frac{1}{2}$ " florets have a medium pink edging and a small light red blotch. Spikes are 37"-45" tall with an 18"-22" head, 17-19 buds and 7 open. Capable of top show spikes but even more valuable as a decorative.

L - \$.75 M - \$.50 S - \$.25 Bblts - 10/\$.75

WING DING (Summerville '60) 246

75 Days

Sister of Bingo and Dark Victory. The color is bright red edged in black red. Opens 9 of 19-23 buds on heads of 21"-25". Won at least one Small Champ and many blues last summer. We like the color combination but not everyone will.

Any size - 10/\$2.00 Bblts - 25/\$.50

ZIG ZAG (Pierce '54) 251

85 Days

Zig Zag makes long heads with 9 of 23 buds open. Color is light red with a peppered yellow throat. Has won several grand championships in competition with the larger varieties.

L - 10/\$2.00 M - 10/\$1.20 S - 10/\$.80 Bblts - 100-\$1.00

The All Americas

Royal Stewart - Giant Exhibition red.
Appleblossom - Large white with rose halo.
Caribbean - Medium size, ruffled blue
Maytime - Large tall pink with a white throat
Emperor - Large light purple with a white throat
Sparkler - Medium size light yellow with a red blotch
Joyous - Large deep ruffled rose
Landmark - Giant exhibition cream
Little Pansy - Light violet, deep violet blotch - miniature
China Blue - Light blue with violet blotch - New for 1961
Gypsy Dancer - Scarlet orange with yellow throat -
New for 1961
Rusty - Chocolatey red with bright red blotch - New for 1961

Prices for the above -- \$.90 per bag of 3 bulbs of 1 variety -
\$3.15 any four bags - \$5.95 any 8 bags.

SPECIAL - Exhibition size bulbs of China Blue, Joyous, Landmark,
and Royal Stewart may be had in lots of 50 or more at \$22. per C.

An Invitation

During the 1961 season our crop will be grown on an excellent well-drained sandy field just south of Route #10 in Succasunna, N. J. -- just one hour from the George Washington Bridge. If you are in the area why not stop in and see us -- we will be proud to show you several hundred recent introductions, and with a little luck you may see the seedlings we are propagating for future introduction. Our phone number is JUstice 4-5756.

Wholesale Price List

50 bulbs at the 100 price. 250 at the 1000 price.

No order for less than \$10.00 accepted from this list -- not prepaid.
